JEWISH FUNERALS .- The wife of Mr. M. Lyupheimer was buried in the Hebraw Cemeter, last evening, and Mr. Abraham Brown was buried at the same place this morning. Both funerals were largely attended both by Jews and Gentiles. It is somewhat remarkable that these are the first deaths among our adult Hebrew population for nearly twenty years. The sarvices in both cases were conducted according to the regular Jewish site, the body being clothed in white linen and enclosed in a plain white pice coffic. At the grave a baz containing earth was placed under the head of the corrs, and the bex was lowered into the ground. The religious services were conducted by Rev. Mr. Sessler, who made a most appropriate sermon on both occasions. At the conclusion of the services the nearest relatives advanced and cast the first earth upon the coffio. The graves were then filled up and the company dispersed.

THE CHARLES COUNTY HOMICIDE -The Part Tobacca Independent, in noticing the recent killing of Jul n S. Acton, at Hughesville, says that, at the time of the sheeting the men were not more than four feet apart, but that D xon, having pulled down his bat to shelter himself from the rain, did not see Acton Department to day from Japan to the effect and never knew who shot him. The that the export duties on a large number of the Lord and to expect his return as possible weapon was an ordinary double barrel shot articles shipped from that country, including and even probable in their life time. For if gun both barrels fully charged, but one of which however, was discharged. The entire load in a compact form entered the body near and just below the hollow of the breast tone. As Dixon fell Acton had to jump saide to avoid his falling than and a ward was acton him and a ward was a ward was acton him and a ward was a ward ward was a upon him, and not a word was spoken by either. Acton haited a moment as if to satisfy himself that his aim had been deadly. Then leged seduction of Acton's daughter by Dixon is said by some to have brought about the difficulty, while others maintain that a dispute of sometime standing about a business matter was the real cause. Both the victim and his glayer were married men and had grown up children.

ARRESTED AND ESCAPED. - Constable James ii. Watkies of Fortax, started yesterday for the Accotick neighborhood, with a warrant for the arrest of the notorious Felix Quanter, col ored, who was accused of stealing same harness from Clayton Canner. Quander resisted the officer, who was accompanied by a posse, but was finally arrested and carried before Justice J. Owen Kerby, who, after hearing the evidence, sentenced him to receive thirty-nine tashes. While the race stary papers were being prepared, Quander jumped through a window and made off. He was pursued and five or six shets fired at him, but he turned on his pareders, and fighting them with stones, succeeded to making his escape to the woods, and is still

FROM WASHINGTON. Special Correspondence of the Alexa. Gazette.

WASHINGTON, D. C., Aug. 1, 1879. A well informed politician and newspaper correspondent, just returned to this city from a somewhat prolonged and rather diffusive trip to New York, during which he talked with leading democrats from all portions of that State, says that notwithstanding Mr. Kelley's and the other Tammany democrats' assertions to the contrary, and their avowed threats of bolting in case it should occur, Gov. Robinson will be neminated for re-election at the coming State convention, and will be elected by a large majority, and that should such be the case Mr. Tilden, who is represented in this preliminary skirmish by Gov. Robinson, will have secured the vote of New York in the next national democratic convention, and, with that prestige, will have but little difficulty in obtaining the votes of a sufficient number of other States to make certain his renomination for the presideper.

At the meeting of the Cabinet to day Secretaries Evaris, Schutz and McCreary, and Assist distinct from the 'Coming with His Saints.' tant Postmaster General Typer were present. The subject of the immediate filling of the va-cacies in the Landon and St. Petersburg mis-

"The Coming of the Lord for His Saints."

This, we believe, is the first event of "The Ages to Come," and therefore naturally follows the subject of our last paper. A precious truth; it is the priceless postl to every b liever who has studied its beauty, and among all the treasures unfolded to us in the Old and Naw Testament Scriptures, it may be said to be the greatest, and by for the tichest. Then reader, take it, clog to it-it has not its equal. If you have the Lord Jesus you are safe, though 'you see through a glass darkly,"-but with Him and His Word, 'I am coming for you,' and he means it ; you will be rich indeed.

The presence of the Holy Ghost on the earth, both in the church and the individual believer, is the bright link that connects the departura of our Lord from the earth with His coming back again. Now for a brief review of the question under the searching light of Scripture ruth.

The "Coming for His Saints" is separate and The fact that the Thessalonian converts had received and lived in the light of the above truth was, to the Apostle Paul, the very key

In the fol lowing chapter he tells them it is not necessary for him to remind them of the "day of the Lord," (an entirely different event) for they

So likewise does I C.r. 15, the whole of it, apply to the believer. "There is one glery of the raised in glory; it is sown in dismonor it is raised in glory; it is sown in weakness, it is raised in power." What glory is there to be for the raised wieded dead? What power are they to have when God speaks the terrible words, "Depart ye cursed into everlasting fire prepared for the Devil and his angels?" reader ! there are to be two comings and two

resurrections. "For as in Adam all die, even so in Christ shall all be made alive. But every man in his own order: Christ the first fruits; afterwards cometh the end, when He shall have delivered up the kingdom to God, even the Father." Can words be plainer ? Must we torture them

whistle, partly arose, when the cogine rushed worthless schemes in other States, and haven't heaven as he went up, behold, two men stood by them in white apparel; which also said. Ye men of Gali'ee, why stand ye gazing up into heaven? this same Jesus which is taken up from you into heaven, shell so come in like manner as yo have seen him go into heaven.' Here we have the beautiful picture of our Lord's ascension as witnessed by a number of His disciples. As He was seen to ascend, so will He be seen to descend. But who saw Him taken up? None but Ilis own believing ones; the world did not gaz; upon Him after He was laid in the tomb. Then can we not believe that as He was seen to go up, so, by the same class of witnesses, His chosen ones, He will be seen to come again; as He went away literally, persocally, setually, so, in like manner will He re-

turn, the same blessed friend and brother. That the "comicg" was a precious part of all the early christians' faith, there is not a shadow of a doubt, and the more one wil study the subject, the more he will find to strengthen his views and to keep bright this "blessed "Looking for that blessed hope, (the heps." coming for the saints) and the glorious appearing of the great God and our Saviour Jesus Christ," [the coming with the saints] Titus

It is thus shown that Paul and all who had turned from idols, to serve the living and true God, and to wait for his son from heaven, not only believed that Jesus was coming for them, but were actually living in daily expectation of seeing their Lord.

Another very striking truth which will be found to nearly every scripture where the 'coming" is mentioned is, that when the coming for the saints is referred to, linked with this trath will be found peace, joy and gladness, something that mints to a reunion, a fulfilling of a promise. Oa the other band, when the coming with the spints is meant, there is a fearful locking for cf judgment and wrath "For there shall be great tribulation, such as was not sice: the beginning of the world to this time. No, nor over shall be." Matt. 24:21. Howl ye; for the day of the Lord is at hand; it shall come as a destuction from the Almighty.' Isa. 13:6.

New, a word to any whose eye may read these pages. If you are a believer in Christ, do not lose your erews of rejeising but look for Him with the same heart of faith as when you received Him. The beart is what the Lord wants; a head filled with all the prophetic theories of the world will not save any one. If you do dot know Him, let the word search you; examine it for yourself and see whather this is so or not.

THE VA. MIDLAND R. R.-What a real calamity to this old city would be the sale of this road to the Baltimore and Ohio rails road! I wonder if our people have contemplated the great loss to us, in such an event, financially and socially. From \$14,000 to \$16,000 paid out monthly in wages to all her employes, besides the bundreds spent around town for material. I pray that the day may be long averted when this road shall pass into the c'u ches of the Baltimere and Ohio railroad! If ever the B. & O. road get their hands on our road, then good bye workshops, farewell all ye mechanics and o'erks; and as to purchasing material here why I think they would send an engine back to Baltimore to buy a broom, in case they had to have one, before they would purchase outside of Baltimore-the "State" of Maryland. This is no fancy sketch; such has been and is the policy of the B. & O. road. Let us, if possible, hang on to our own road,
